Indonesians Are Invading West Malaysia

KUALA LUMPUR, Malaysia (AP)—A small force of Indonesians has landed on the swampy west coast of Malaysia, the Malaysian government announced today. It called the landings a small-scale invasion and said it would inform the U.N. Security Council.

Deputy Prime Minister Tun Abdul Razak said a force of 30 to 40 Indonesians and a few Malaysians landed Sunday night in southern Johore State and that 13 were captured after a clash with police and troops. One Malaysian trooper was wounded.

Security measures were tightened in nearby Malacca and Negri Sembilan states. Razak said the Indonesian party came about 30 miles across Malacca Strait in outboard motor boats. Calling the landing an act of aggression, Razak said that while the U.N. Security Council would be informed, the government did not play to make any immediate request for U.N. action.

Indonesia has vowed to crush the British-backed Federation of Malaysia which was formed last September out of Malaya, Singapore and North Borneo, now called Sabah.

Musmanno Carries Appeal To U.S. Supreme Court; Asks Review Of Decision

WASHINGTON (AP)—Justice Michael A. Musmanno of the Pennsylvania Supreme Court asked the U.S. Supreme Court today to review a state Supreme Court decision that apparently has cost him the state's U.S. Senate Democratic party nomination.

Atty. Abraham Freedman filed a petition with the nation's highest court asking for a writ of certiorari—a review by the court—of the 3-2 decision in Pennsylvania's Supreme Court.

The petition contends that in affirming the action of the Philadelphia County Election Board, the state Supreme Court collided "head on with the United States Constitution and with decisions the federal courts setting the standards in these cases."

REFUTES BELL STAND

Freedman claimed the decision deprived 5,624 voters of their constitutionally guaranteed right to participate in a federal election.

Special Meeting Of Town Fathers

COURT OKAYS NEW NAME OF ADAMS CHURCH

St. Luke's Reformed Church today became "Faith United Church of Christ" with the approval of the Adams County Court.

The action brought to an end confusion resulting from there being two St. Luke's Churches in Mt. Pleasant Twp., Littlestown R. 2.

Starting as a union church, St. Luke's had both a Reformed and a Lutheran congregation.

DECIDED TO CHANGE

St. Luke's Reformed, at a congregational meeting April 5, decided to change its name and petitioned the Adams County Court to permit an amendment to its charter of incorporation dated May 26, 1892, to permit the name to be changed.

Parr Breighner, one of the elders of the church, explained in court this morning there were two reasons behind switching from St. Luke's Reformed to "Faith United Church of Christ."

First was the need to bring the name of the church in line with the change that took place several years ago when the Reformed Church and Congregational Churches united to become nationally the "United Church of Christ."

COURT APPROVES

The second was to end the confusion between St. Luke's Lutheran and St. Luke's Reformed. Breighner said each received a

Wayne Guise Home After 2 Years In Peace Corps

Wayne Guise, son of Mr. and Mrs. Kenneth Guise, Biglerville, arrived home Sunday after concluding two years' service with the Peace Corps in the Philippines by visiting parts of Asia, Africa and South America en route home.

He left behind him a Philippines area where he had been officially named an adopted son, and where, at least 18 youngsters — the poorest in the community, — are wearing "Gettysburg sweat shirts." The sweat shirts, bearing the name of Gettysburg and a picture of the Peace Light, were the official uniform of a basketball team and a ping-pong team Guise organized while there.

After an extended tour in the Philippines, the longest allowed by the Peace Corps, Guise came home by continuing the trip around the world that he had started by going to the Philippines. Among stops was South Viet Nam. Saigon, the capital, he found "beautiful, peaceful, re-

laxed, you recalled that there was a war going on only when occasionally soldiers went by." He visited one of the strategic villages, behind its protection of barbed wire fencing. There were evidences of the war to be seen, but people "apparently are used to it."

AFRICAN "ROUND TRIP"

India's poverty and huge population impressed the Biglerville man. "People are crawling all over each other," is the way he described his impression of India's hordes. The poverty — "I saw none like it anywhere else."

He made round trip in Africa, going across the north, down one side to the south and up the other. In South Africa the separation of natives and whites contrasted with the integrated societies of much of the rest of Africa.

The big cities of Africa are "not Africa, but the product of the colonizers. Perhaps I can

Fiery Crosses Burn In Louisiana On Eve Of 1st Rural School Integration

By CHARLES MCBRIDE

GREENSBURG, La. (AP) — The first public classroom desegregation in a rural section of Louisiana comes today in this hamlet, where fiery crosses flared over the weekend.

Three Negro 12th-grade students have enrolled at all-white Greensburg high school under terms of a federal court order in a suit which antedates the historic 1954 U.S. Supreme Court desegregation ruling by two years.

Four Negroes were approved for transfer but one withdrew.

FIRST RURAL MIXING

The first racial mixing in Louisiana public schools below the college level occurred four years ago in New Orleans. The only other desegregation has been in metropolitan areas.

Other than to announce that crowds would not be permitted in the vicinity of the high school, Greensburg police did not disclose their preparations.

St. Helena Parish, set in rolling pinelands, is one of the few in the state where Negroes outnumber whites. The population is slightly less than 10,000. About 55 per cent are Negroes.

"We are ready," said Parish School Supt. J. L. Meadows. Earlier, he had said he didn't want to be responsible for the uproar that school integrating might bring.

He said total registration for

They will spend Saturday and Sunday in Gettysburg, where they will tour the battlefield and vicinity as guests of the club. Meals and overnight accommodations have been arranged for the girls.

Local officers of the club anticipate Sunday's show will be the largest in the history of the organization. More than 100 horses from six states participated in last year's show at Shippensburg.

the high school, one of three for whites in the parish, was 509. There is one Negro high school.

President Johnson conferred recently with Gov. John J. McKeithen by telephone about the St. Helena situation.

McKeithen said he would send state police to the area if necessary but called on citizens to obey peacefully the court ruling.

Several crosses — symbol of the terrorist Ku Klux Klan — were burned in Greensburg Saturday night. Crosses also flamed in other sections of the state.

Fire Sweeps 170,000 Acres Of Valuable Grazing Land

ELKO, Nev. (AP) — Firefighters appeared today to be winning a battle with four large northeastern Nevada range fires which scorched an estimated 170,000 acres of grassland sagebrush.

A Bureau of Land Management official said three of the blazes were largely controlled overnight. But at last report, a 51,000-acre fire still burned out of control in the rugged, hard-to-reach Boulder Creek area northwest of Elko.

A Boise, Idaho, pilot was killed Sunday when his plane crashed 20 miles north of Elko. He was returning to Boise after flying a group of firefighters to land.

Reds Smash Two Outposts In S. Viet Nam

SAIGON, Viet Nam (AP) — A Communist battalion smashed two government posts in the Mekong River delta late Sunday, ambushed a relief force, and inflicted a total of 126 casualties on government troops.

A helicopter-borne operation today against the same Viet Cong unit resulted in 10 enemy guerrillas killed and about 40 more carried off, U.S. officials claimed.

But from any standpoint, it was clear that government troops had suffered one of their bloodiest setbacks in weeks, with heavy weapons losses.

400 REDS ATTACK

The action began when an approximately 400 Viet Cong attacked the hamlets of Hoa My and Hiep Hung, 90 miles southwest of Saigon Sunday afternoon. Eight defenders were killed and 19 wounded.

But the real bloodletting came when a relief force was sent to the beleaguered hamlets Sunday night and ran into a Viet Cong ambush about two miles from one of the posts.

Twenty-two government soldiers were killed, 53 were wounded, 15 are missing and presumed captured by the Viet Cong, and 26 weapons, including two machine guns, are missing.

LEAKING MAIN CAUSED BLAST

PHILADELPHIA (AP) — The state Public Utility Commission has launched an investigation into a restaurant explosion that killed two men and injured eight others.

PUC Chairman Joseph Sharf-sin said he ordered the investigation into Saturday's explosion in suburban Glenside "in the hope that we may come up with some ideas that will lead to some corrective regulations, if necessary."

Meanwhile, Fire Marshal Owe Adams of Cheltenham Township, said Sunday the explosion was caused by a leaking gas main.

Adams said his department's investigation revealed the gas seeped from a main beneath Limekin Pike into the basement of Trunk's Sweet Shop, where it accumulated. Adams said the wall was not covered with a thick plaster, but was "very porous."

Killed in the explosion were Duke R. George, 40, of North Hills, and John Gallagher, also 40, of Edge Hill.

One of the injured, Carl Trunk, 34, of Ardley, remains in critical condition in Abington Memorial Hospital.

LADY BIRD TO DEDICATE DAM

JACKSON, Wyo. (AP) — Mrs. Lyndon B. Johnson went to dedicate a high and vital dam today after taking a spectacular, four-hour rubber-boat ride on the Snake River which she said made her an "ambassador for conservation."

A cow elk and her calf, a bull moose and even the scarce American bald eagle obligingly showed themselves in the wilderness setting for the First Lady as she rode the meandering river Sunday.

Today, ending her four-day Western tour, Mrs. Johnson turned her attention to officially dedicating the Flaming Gorge Dam on the Wyoming-Utah border. A buffalo barbecue also was scheduled before she headed home to Washington.

The high spot of her trip obviously was Sunday's 22-mile boat ride in the Grand Teton National Park area. She exclaimed over the breath-taking views of the 65-mile long jagged, snowcapped Teton Mountain range and clapped her hands with glee as the rubber boat splashed through a small swirl of rapids.

Weekend Demonstrations Keep N.Y. City Police Busy

NEW YORK (AP) — The city had a noisy weekend of unrelated demonstrations — some peaceful, some not — plus violent rioting and looting after a dance.

SATURDAY: Police battled demonstrators protesting U.S. involvement in Viet Nam, and there was a protest against alleged police brutality in the Bronx.

SUNDAY: Greek-Americans staged a protest parade and hunger strike against Turkish military activities in Cyprus; several Broadway store windows were smashed and looted by teen-agers; Harlem churches staged a peaceful rally to repudiate racial violence.

POLICE ARREST 40

The Viet Nam demonstration flared into a pitched battle with police. Several of the 250 demonstrators were knocked to the ground — to the cheers and taunts of spectators. Police arrested 40 persons, including four just returned from an illegal trip to Cuba.

The marchers, members of a self-described "May 27" movement, named for the date it was formed, tried to demonstrate in Times Square. Rallies have been banned there since the spring of 1962 when 42 persons were arrested while protesting the late President John F. Kennedy's decision to resume nuclear testing in the atmosphere.

MOVE RELUCTANTLY

Police told the group they could rally at Hammarskjold Plaza, across from the United Nations seven blocks east. The marchers reluctantly headed east, but scuffles with police

FORD AND GM

MAKE OFFERS

DETROIT (AP)—Ford Motor Co. today offered its 165,000 production workers a broad new contract calling for overall average hourly wage increases of 19 cents over the next three years along with improvements in pension and health insurance plans.

In addition to the 19-cent increase, which would bring Ford's average hourly wage to \$3.34 an hour, Ford also offered to transfer an additional 9 cents of its present cost-of-living allowance to basic wage scales.

The 23-page proposal was handed to the United Automobile Workers Union as the eighth week of bargaining began on a replacement for a contract which runs out Aug. 31.

There was no immediate comment from UAW leaders, pending a study of the Ford proposals.

Earlier, General Motors offered its 350,000 employees covered by the current UAW contract annual wage increases ranging from 6 to 13 cents an hour, increased vacation and holiday pay and a tuition-free educational opportunity.

BULLETINS

WASHINGTON (AP) — Majority Leader Mike Mansfield called Democratic senators into conference today to announce abandonment of hope for a windup of the 1964 Congress session before next week's Democratic National Convention.

Mansfield told reporters in advance of the meeting he would alert his colleagues that the Senate would reconvene August 31, after recessing for the convention, and that it then would "remain in session until we finish what we have to do."

NEW YORK (AP) — Atty. Gen. Robert F. Kennedy met today Mayor Robert F. Wagner today in a conference which bore the earmarks of a prelude to formal announcement that Kennedy will run for the Senate.

Kennedy brought along his wife, Ethel, and a brother-in-law, Stephen Smith, a likely choice to manage a Kennedy campaign.

JOHNSON PUTS ENTIRE FAMILY ON VOTE TRAIL

EDITOR'S NOTE — In his drive for the White House, John F. Kennedy made politics a family project. Now, Lyndon B. Johnson is getting ready to make the race with similar help.

By BARRY SCHWEID
WASHINGTON (AP) — President Johnson's wife and daughters are carrying the LBJ banner across the land while he awaits the formality of nomination before hitting the campaign trail himself.

This past weekend, the family operation swung into high gear. Lady Bird was traveling in the Rocky Mountains to focus attention on conservation and reclamation — and, obviously on the man in the White House.

LYNDA AT BARBECUE
Daughter Lynda Bird, 20, ate ribs at a barbecue Sunday at Henry Ford II's Long Island mansion and got set for more of the same today in another strange setting for such Western-style dining — Gracie Mansion on the east side of Manhattan. It is the official home of Mayor Robert F. Wagner, New York State's most powerful Democrat and one of the men being mentioned as a possible running mate for Johnson.

Daughter Luci Baines, 17, fully recovered from the 24-hour flu that decked her while she was campaigning a week ago in San Francisco, was in Wisconsin over the weekend for the state fair Sunday and a \$10-a-person LBJ barbecue Saturday in Milwaukee.

Until Luci flew back to Washington Sunday night, Johnson had been alone in the White House all weekend. For services at the National City Christian church he took along an assistant, Horace Busby.

LUCI IN WISCONSIN
"I'm just here to thank people who have been working for someone I'm very fond of," Luci said in Milwaukee.

The President was more to the point Saturday when he was asked at a news conference if he expects his wife to be campaigning this year.

"She is and will be," he said. For himself, Johnson has charted a special course, and it was evident again at the same news conference.

Asked about debating Sen. Barry Goldwater, the Republican presidential candidate, Johnson said, "After the convention, if I am the nominee, we will go into all manner of how we will conduct the campaign."

TRADES BARBS

Not that the President thinks it would be premature at this point to trade political barbs with Goldwater and his running mate, Rep. William E. Miller of New York. He tossed several of them at the session Saturday. It's just that he is studiously avoiding speaking as the Democratic candidate because even though everyone knows he is going to be it, he isn't yet. All this will change when the Democrats convene next week in Atlantic City.

Meanwhile, much as the late President John F. Kennedy made politics a family operation, Johnson has put wife and daughters to work. Mrs. Johnson, an active campaigner for her husband through his long political career, is on the last leg of a 4,200-mile four-day swing through territory where Goldwater sentiment is strong.

STOCKS IRREGULAR

NEW YORK (AP) — The stock market edged irregularly higher early this afternoon but the pace of trading was the slowest in a week.

Minor gains by key stocks outnumbered losers.

A few specially situated issues made wider moves, one way or another.

The auto stocks remained pretty close to dead center as the Big Three made known their counter-offer to the labor contract demands of the United Auto Workers.

People In The News

HOLLYWOOD (AP) — "You didn't get one, you got four of us—a package deal," quipped Edie Adams to new husband Martin Hager Mills.

The 35-year-old singer-actress, widow of comedian Ernie Kovacs, referred to her two teenage stepdaughters, Betty and Kippie Kovacs, and her 5-year-old daughter, Mia Susan. Miss Adams and Mills, 37-year-old executive with a music publishing firm, were married Sunday at her home in Beverly Hills.

CALCUTTA (AP) — The maharajah of Sikkim, former New York socialite Hope Cooke, left Calcutta by plane for her first visit home since her marriage last year.

She was accompanied by her husband, temporal and spiritual ruler of the Himalayan kingdom of Sikkim, and their infant son.

The couple planned to stop in Zurich today and in London Tuesday.

NEW YORK (AP) — Speaker of the House John W. McCormack says Sen. Barry Goldwater, the Republican presidential candidate, will not carry more than eight states in the November election.

McCormack, 72-year-old Democratic congressman from Massachusetts, predicted the "emotional white backlash" against the civil rights bill will ebb by election day, and that Goldwater's conservative views would start a "backlash the other way."

The Soldiers Will Vote: We have the official return of the Election on the Amendments to the Constitution held on the first Tuesday in August, except two small counties which will not vary the result more than two or three hundred. The majority on the 1st Amendment, allowing Soldiers to vote is 94,494; on the 2nd, 135,045; on the 3rd, 131,744. The vote is decisive and acknowledges the valuable services of the Soldier in the field. He will hereafter be permitted to choose his own rulers and participate in all the privileges enjoyed by an American citizen which had been denied to him by a copperhead Supreme Court of which the defeated Judge Woodward was its principal leader. There was not a majority in any County of the State against the Soldier vote, except a Copperhead one. Berks, for example, gave 1941 majority against the soldier

The Commencement exercises of the College took place last week but with less interest than usual, owing to the late incursion of the Rebels. The graduating class numbered ten. Mr. Maund, of Philadelphia, delivered the address before the Alumni on Wednesday evening — and it met with the most marked approbation, for its pure style and strong loyalty.

Destructive Fire: We regret to announce that our friend, Peter Diehl, Esq., of New Oxford, met with a very heavy loss by fire on Saturday last. He had an extensive Tannery in the neighborhood of that town. His buildings are very closely associated and we learn that, from the engine which operates his Tannery, fire was communicated to stables, out-houses and Tannery, which were all destroyed. About 600 cords of bark were also burned not only a loss in itself but rendering the hides in vats liable to loss for want thereof. His dwelling was saved. We have heard his loss estimated at probably \$10,000. What insurance he had, if any, we have not learned.

Today's Talk

BLINDERS

One reason for so much unhappiness and dissatisfaction among human beings is that so many wear self-constructed blinders. They only see a few things — and those things only immediately ahead.

Everything about us is related in some manner or other. Blinders defeat so many opportunities that should be the heritage of all. They restrict broad vision and narrow the horizon of one's efforts.

The horse, used to blinders, shies at the merest noise or sight. But that horse which has been brought up to all about it — given freedom in the open spaces and allowed to roam his world — needs no blinders upon the road or race track. His is a single purpose — to serve his master well.

With people — those who have insisted upon seeing but the immediate things about them unused to the strife and turmoil, the hits and kickbacks — to such, fear ever abounds. They shy and shrink at adversity and grave discouragement.

Experience, travel, contacts with the rough, as well as with the smooth, mellow character and give stability and sturdiness to life.

The ostrich puts his head in the ground and thinks himself safe — meanwhile he may lose that head! We must see all about us, learn from everything that we can, and learn to stand storms, as well as to enjoy the storm. Blinders upon the mind restrict the growth of the mind and shrivel character.

To coddle a boy or girl — to keep them from the broad experience of the world is to cheat them of the opportunity of standing upon their own legs and of facing the serious problems of life. It is better to own a few scars in conflict than to enter the strenuous task of living with a clouded understanding.

Sooner or later, blinders fall off, anyway — or must be discarded — for no human being can be happy who is not free!

THE MISTAKE
"Too late!" said he, "I have found it out.
Best are worry and care and doubt,
Only by trial do hearts grow stout."

"I wanted him strong, but I wanted him gay,
So I shouldered his burdens and smoothed his way,
And lovingly left him outside to play."

"When problems fretted his youthful brow,
I gave him answers to all, but now
I wish to find them I'd taught him how."

"Safe and sure by my side he stayed,
All of his debts I have gladly paid.
But a sorry wreck of his life I've made."

"What will he do when he stands alone,
Still needing my help as man full grown,
Facing a fight with no strength of his own?"

"Happier were I, and happier, too,
Were he had he learned what a man must do
And just how to battle a problem through."

SOLUTION ON REDISTRICTING BEING SOUGHT

By JOHN BECKLER

WASHINGTON (AP) — Congressional leaders sought a solution today to the deadlock over state reapportionment that has tied up key legislation and all but dashed hopes that Congress can adjourn this week.

Neither side showed any sign of yielding in the Senate struggle over a proposal to delay court-ordered reapportionment of state legislatures that has developed into a vote-blocking filibuster.

Senate Republican Leader Everett M. Dirksen of Illinois, chief sponsor of the proposal, says he intends to get a vote on it no matter how long it takes. Sen. Paul H. Douglas, D-Ill., one of the opponents, says the fight will last "until we win."

DELAYS AID BILL

Dirksen is seeking a two-year delay to permit Congress and the states to act on a constitutional amendment that would undo the Supreme Court's ruling that districts for both houses of state legislatures must be "substantially equal" in population. S. Jacob K. Javits, R-N.Y., and Eugene J. McCarthy, D-Minn., suggested as a compromise that the proposal be limited to a resolution stating the "sense of the Congress" that courts permit a reasonable time for reapportionment.

Dirksen brushed this aside as meaningless because it would be advisory rather than mandatory.

The debate is holding up final action on the \$3.3-billion foreign aid authorization and has jammed other important bills into a tight corner as time grows short.

PUSH DRIVE ON SMOKING

UNIVERSITY PARK, Pa. (AP)—The campaign against cigarette smoking was described as a "health task for the immediate future" at opening sessions here today of the 13th annual state health conference.

Dr. Bruno Gebhardt, director of the Cleveland Health Museum, proposed a five-year, nationwide campaign against cigarette smoking. He contended the habit impaired the smoker's health.

Dr. Bruno listed fluoridation at Philadelphia's Jefferson Medical College, reported on a survey of eating habits. She said the study showed that older citizens (age 60-83) and fourth-year medical students at Jefferson had these things in common: —Both groups showed a tendency to eat only two meals a day.

—Both ate a good deal of "nothing food"—high in calories and nothing else.

—Both groups believed they were getting the nutrition they needed when they actually were not.

JAKARTA, Indonesia (AP) — President Sukarno criticized the United States today for its support of Malaysia, its retaliatory attack on Communist North Viet Nam and its refusal to recognize Red China.

Although avowing Indonesia's hope for friendship with the United States in an independence day address, Sukarno predicted eventual American defeat in Viet Nam.

MAYAGUEZ, P.R. (AP) — Roberto Sanchez Vilella, 54, an engineering graduate of Ohio State University, has been nominated by the Popular Democratic party to succeed Luis Munoz Marin as governor of Puerto Rico.

Munoz Marin, 67, told his party's convention Sunday he would not run for a fifth four-year term. He placed Sanchez Vilella's name in nomination to oppose Luis Ferree of the Republican party in the November election.

Munoz Marin, who has been Puerto Rico's only elected governor, accepted nomination for an at-large seat in the commonwealth's Senate.

Sanchez Vilella, the governor's aide for many years, is secretary of state.

SEOUL, South Korea (AP) — The United States told South Korea today it will "help in appropriate ways in bringing about the earliest possible settlement" between Japan and South Korea.

The U.S. offer of mediation was contained in a joint statement issued by Korean Foreign Minister Lee Dong-won and U.S. Ambassador Winthrop G. Brown.

It was the first public offer of American help in the controversial talks which touched off South Korean student riots last spring.

DIRKSEN SAYS
BARRY HELPED
GOP CHANCES

By JACK BELL
WASHINGTON (AP) — Senate Republican Leader Everett M. Dirksen said today he believes Barry Goldwater has put his presidential campaign "on the main track" by modifying his position on major issues.

Sen. Jacob K. Javits, R-N.Y., agreed that Sen. Goldwater "has given himself a much better billing for the campaign."

But Javits said in a separate interview Goldwater "now has to travel the route" to show that he really means to reject extremism, push civil rights and work for world peace.

JAVITS' APPRAISAL
Speaking for the small band of Republicans who still have not agreed to campaign for the national ticket, Javits said: "We are going to stay where we are while we observe how he travels the route. We welcome the changes in words and intentions. Now let's see about the performance."

Dirksen, who put Goldwater's name in nomination at the San Francisco convention despite their differences over civil rights legislation, said reaction from across the country indicates the Arizonaan satisfied most elements of the party with the statements he made last week at a GOP leadership conference in Hershey, Pa.

"Sen. Goldwater has bettered his chances for election," Dirksen said.

DEMOCRATIC BLASTS

Democratic big guns, led by President Johnson, fired blasts at the Republican candidate over the weekend.

Johnson told a news conference Saturday that Goldwater has done "a disservice to our national security. A disservice to peace, and for that matter, a disservice to the entire free world" by saying the President seemed to authorize the use of nuclear weapons in his orders for retaliation against North Viet Nam.

LABELS LOOSE CHARGES

By name Johnson accused both Goldwater and the GOP vice presidential nominee, Rep. William E. Miller of New York, of making loose charges. The President said he had specified "conventional weapons only" in his orders.

The Goldwater camp fired back immediately with a statement that "now perhaps the President will attempt to explain whether his advance warning to the Communists enabled them to alert the anti-aircraft defense which shot down two U.S. planes, resulting in the death of one pilot and the capture of another."

This was a reference to Johnson's speech on the night of Aug. 4 in which he announced the U.S. retaliatory attack while American planes were en route to the North Viet Nam bases.

Today In
Washington

WASHINGTON (AP)—In the news from Washington: WASHINGTON (AP) — House members have increased their expense accounts by \$600 a year and voted themselves funds to hire an additional clerk apiece.

Both actions Friday were taken on voice votes on which there had been no advance notice and did not require Senate concurrence.

The increases become effective Jan. 1, at the same time the salaries of members are raised to \$30,000, from \$22,500, under a bill signed Friday by President Johnson.

WASHINGTON (AP) — The House approved an increase in need 6,600 draftees in October, 400 more than September's call. The smallest quota for the year was the 3,300 requested for August and the highest January's 16,000.

To shape up more young men to military standards, President Johnson asked Congress Friday for \$16,375,000.

WASHINGTON (AP) — The House approved an increase in funds for college student loans Friday in passing a bill extending and broadening the National Defense Education Act.

In it the House also extended for one year the impacted-areas program of federal grants to school districts swollen by government facilities.

As approved and sent to the Senate, the bill extended the Defense Education Act until June 30, 1967. It was originally passed in 1958—the year after the Russians had launched their Sputnik—as a means of improving the teaching of science and mathematics.

Stratton Enters
U. S. Senate Race

NEW YORK (AP) — Rep. Samuel S. Stratton of upstate Amsterdam has formally announced for Democratic nomination to the U.S. Senate amid more declarations of support for Atty. Gen. Robert F. Kennedy for the nomination.

Kennedy is reported to have the backing of party leaders in counties which have well over a majority of the 1,144 votes in the Democratic state convention here Sept. 1.

Stratton said in his announcement Sunday that nominating Kennedy would give the Republicans a "million-dollar issue" for the campaign.

This was a reference to the fact that Kennedy lives in Virginia and maintains a voting residence in his native Massachusetts.

STOCK PRICES
RECOVER FROM
AUGUST GUNS

By SAM DAWSON
NEW YORK (AP) — Stock prices have regained almost all the ground lost in their flight from the guns of August — the guns off and along the coast of North Viet Nam.

The losses were largely confined to two jittery sessions widely watched, with most of the recouping in five fairly quiet ones scarcely noted.

Once more stocks are responding more to the reports on the state of the economy than to crises in Southeast Asia, Cyprus or the Congo. And how business looks is likely to carry more weight for awhile, except for occasional emotional responses to campaign oratory.

TWO BAD DAYS

The two bad days in the market look worse on the charts of the popular stock indexes than they actually were in dollars and cents.

For example, when the Dow Jones index of 30 industrial stocks drops one point, that doesn't mean the average loss of the 30 stocks was \$1 each. The average actually slipped by something closer to 10 cents.

On Monday, Aug. 3, the Dow Jones index closed at 840.35, the final hour or so affected by the first word of the naval clash between a U.S. destroyer and North Vietnamese torpedo boats. It touched its low point Thursday, Aug. 6, closing at 823.40. On the charts this is a sharp drop of 12.95 points but not \$12.95. The actual loss of the 30 blue-chip stocks averaged around \$1.30.

NO CATAS-ROPHE

This was unpleasant enough for holders of stocks hit by the selling waves, but it was scarcely a national catastrophe.

From the low point the index climbed back fairly steadily to close Friday, Aug. 14, at 838.81. The average price of the 30 stocks on this index thus was only about 15 cents lower than when the naval shooting was reported, although the index was 1.54 points lower.

Profit reports still coming in continue the line set earlier—the first six months of 1964 were the most profitable first half for any year. And stock buyers and stockholders like increasing profits.

CASH DIVIDENDS UP

Also, the cash dividends paid on stocks listed on the New York Stock Exchange came to \$6.3 billion in the first half, up 9.1 per cent from outlays by the same companies in the like 1963 period.

Thus the market as a whole may not have climbed as high this year as you might have supposed by looking at only your favorite index. Also it may not have been as badly shaken by the Viet Nam crisis as you may have thought at the time.

A Lovelier
You

By MARY SUE MILLER
SHAPE MAKERS. Not all figure problems result from overweight. You can get out of shape from a long spell of physical inactivity—from lazing in a deck chair to slaving in a desk chair.

The telltale is a thickening of the hips, waist and thighs, accompanied by a general loss of flesh and muscle tone. If you have those symptoms — even one of them—the day of reckoning is now. Put off a conditioning program and you can't hope to look your trimmest self come fall.

The program is easy; it trims and tones for one effort:

1. Stand arms length behind a sturdy chair and grasp it. Bend forward, touch knee to nose; then slowly swing leg back and up, as you arch back and lift head to erect position. Repeat 10 times, working to stretch leg, waist and neck. Give other side same workout.

2. Lie back down on floor; bend knees until soles of feet rest on floor. Now raise buttocks and support with hands. Contract abdomen—really pull in—and hold

for 10 slow counts. Relax and repeat 10 times.

3. Standing tall, fling arms diagonally up and out. Very slowly rotate arms so that palms face, then knuckles. Continue for 20 counts. Meanwhile keep head pulled straight up, to make a taut column of neck.

You can diet until you become feather-light and still be hip-heavy. Reduction in the hips is assured only by exercise. UAW DEMANDS
ARE "EXTREME"

By A. F. MAHAN
DETROIT (AP) — With President Walter P. Reuther of the United Auto Workers Union already predicting they "will not be realistic," the auto industry's Big Three planned to present their counter-offers for new labor contracts today.

General Motors, Ford and Chrysler kept their proposals secret in advance of their presentation to the UAW.

Reuther's advance prediction that they "will not be realistic" was in anticipation that the counter-offers would not match the union's broad demands for higher wages, larger pensions, earlier retirement and other gains.

While not putting a dollars-and-cents cost on the union's widespread demands, all three automakers have termed them unreasonable.

In a speech at Cleveland Friday night, Reuther said the union has a \$65-million strike fund "and we'll spend it all and borrow more, if necessary to win a fair share" of what he termed the industry's "fantastic, unbelievable profits."

WAR CABINET TO BE NAMED

By MALCOLM W. BROWNE
SAIGON, South Viet Nam (AP)—With his grip on the government tightened by his election to the presidency, Maj. Gen. Nguyen Khanh plans to appoint a war cabinet to concentrate on the campaign against the Communists.

Khanh stepped up from premier after South Viet Nam's 62-man military junta approved a new constitution Sunday creating a presidential system with near-dictatorial power for the president in an emergency.

The junta placed only one restraint on Khanh. It insisted on a constitutional provision requiring the president to consult with the junta — the Military Revolutionary Council — before

Says Barry Wants Nation Enslaved

EMPORIUM, Pa. (AP)—The Republican presidential candidate, Arizona Sen. Barry Goldwater, is attempting to "enslave the nation through extremism and hate," says Otis B. Morse, Democratic state chairman.

Morse made the charge Saturday at a meeting of party leaders here.

"We Democrats," Morse said, "are fighting the reincarnation of the old Tories who believe that benefitting the few guarantees a filtering down of largesse to the many."

Noting recent criticism of Goldwater forces about the public press' handling of their man, he said:

"Does the Republican party... believe as Sen. Goldwater and former President Eisenhower do that restricting freedom of the press to criticize must be the first victory in the battle for freedom?"

issuing decrees.

Asked if he intended to take the role of military dictator, Khanh replied: "For six months I have been head of a totalitarian regime without being a dictator. I can head a dictatorial regime without being a dictator."

Government sources said Khanh probably will name cabinet members within a week.

A ranking minister commented: "It will be like reshuffling a deck of cards, but all the cards will remain in the deck."

Baby Abandoned In Parked Car

PITTSBURGH (AP) — Police and authorities at Pittsburgh Hospital are trying to learn the identity of a baby boy abandoned in a parked auto.

Hospital authorities said the infant, estimated to be six days old, was in good condition.

Police said Charles R. Merriweather of New Kensington had parked his car in the Homewood district of Pittsburgh Saturday. When he returned he found the child wrapped in a blanket on the back seat of the car.

A note attached to the blanket read "Take the baby to a hospital, please. God, forgive me."

Merriweather took the baby to police who took it to the hospital.

GREEKS HAIL SOVIET OFFER TO AID CYPRUS

By HAL MCCLURE

NICOSIA, Cyprus (AP) — Buoyed by a pledge of Soviet support, Greek Cypriots are urging President Makarios to go to Moscow and negotiate a deal with the Russians.

Greek Cypriots of every political shade jubilantly greeted the Soviet Union's offer to help if Cyprus is invaded, and Soviet Premier Khrushchev's warning to Turkey that an attack on Cyprus might boomerang.

The right-wing weekly Ethniki hailed the weekend developments as "a great turning point" for the Greek Cypriot cause. It even suggested that Makarios, a Greek Orthodox archbishop, bring Communists into his cabinet to show his gratitude. Other editorials called upon Makarios to fly immediately to Moscow.

There has been no official response to the Soviet. One report said Foreign Minister Spyros Kyprianou would leave for Moscow Friday to begin talks on military aid.

U. N. SETBACK
The U.N. peace effort suffered an unexpected setback when Finnish mediator Sakari S. Tuomioja suffered a mild stroke in Geneva Sunday a few hours before his departure for another round of talks in Athens, Ankara and Nicosia.

There was speculation that U.N. Secretary-General U. Thant would appoint a new mediator or take over Tuomioja's work himself. The Finnish diplomat had hoped to win acceptance of a compromise proposed by former U.S. Secretary of State Dean Acheson, President Johnson's special Cyprus envoy.

Acheson has been meeting separately with Greek and Turkish representatives in Geneva. His plan calls for Cyprus' union with Greece and special safeguards for the Turkish Cypriot minority, including a Turkish military base on the island.

WASHINGTON (AP) — Craig Truax, Pennsylvania state Republican chairman, and other state party leaders met Saturday with national party officials to discuss Gov. William W. Scranton's campaign schedule for the national ticket. The governor already is scheduled to make an appearance on behalf of the national ticket in Minneapolis Sept. 23, and 18 speeches in Pennsylvania during the campaign.

TOKYO (AP) — Japan observed the 19th anniversary of its World War II surrender Saturday with a solemn state memorial service for its more than 3 million war dead.

Emperor Hirohito, Premier Hayato Ikeda and other ranking officials attended the ceremony at the Yasukuni shrine in honor of the fallen soldiers. It was the first time since World War II that the state had participated in such services at a Shinto shrine.

Japan's Constitution prohibits the state from engaging in religious activities. The memorial service was kept free of religious overtones to fend off further criticism of the government's participation.

LONDON (AP) — Was convicted train robber Charles Wilson, 32, kidnapped at gunpoint or whisked away by friends in his spectacular jail break from a maximum-security prison? Scotland Yard chose the latter theory Friday and reasoned that a newspaper message had tipped off the convict hours before he was removed from his cell at Birmingham's Winson Prison last Tuesday.

A jailmate said fellow prisoners believe Wilson was abducted by a rival gang that wanted him to reveal the whereabouts of \$5 million in loot from last year's great train robbery. Police said they cannot rule out Marsden's theory, but they are sticking to the view that an advertisement in a love-love column of The London Daily Mail organized the jailbreaker's rendezvous.

1,000 Cheering Fans Meet Phils

PHILADELPHIA (AP) — Okay, so the Mets beat the Phils 12-4.

That didn't dampen the enthusiasm of nearly 1,000 cheering Philadelphia fans who gathered outside Connie Mack Stadium Sunday night to greet the National League leaders upon their return from New York by chartered bus.

Young and old, they whooped it up in an exuberance that touched on pennant fever.

"If you're going to lose one, lose it big," said one fan. Waving pennants and proudly displaying "Go Phillies Go" buttons, the crowd applauded reliever Jack Baldschun, who led a dozen members of the club off the bus.

MISSING AFTER JUMP ON DARE

ROCHESTER, Pa. (AP) — There was still no trace today of a man who police said leaped with two companions into the Ohio River from the Rochester-Monaca Bridge on a dare.

The missing man, identified as Donald Smith, 26, of Rochester, was feared drowned, police said.

Dragging operations have failed to turn up any trace of Smith.

Police reported that Smith and three companions went to the bridge Saturday. They said the companions told Smith to jump from the 90-foot high span on a dare and urged to others to follow.

Jesse Parks, 23, of Aliquippa and Walter Jenkins, 22, of Aliquippa, R. 2, also jumped but escaped without serious injury. John Nawrock, 21, of Rochester stayed on the bridge.

All three were released on bond. No charges were filed pending further investigation.

DEATHS

WINTER PARK, Fla. (AP) — Maj. Gen. David N. W. Grant, 73, the first air surgeon of the U. S. Air Force, died Sunday in his home, Grant, a native of Richmond, Va., retired in 1946 after 30 years service. Grant was Gen. Har Arnold's personal physician from 1939-46 and director of the American Red Cross blood program in 1951.

PARMA, Italy (AP) — Maestro Italo Podesta, 79, who conducted in major opera houses around the world, died Saturday in a hospital after a month's illness.

JOHANNESBURG, South Africa (AP) — Vic Oliver, 66, British stage and television performer who once was married to Sir Winston Churchill's daughter, collapsed and died Saturday night during the final performance of "Distinguished Gathering." Oliver, a native of Vienna, was divorced from Sarah Churchill in 1945. Born Viktor Oliver Samek, the son of Baron Samek, Oliver was a violin prodigy at the age of 6.

MEXICO CITY (AP) — Dr. Atl, 89, one of Mexico's greatest artists and writers, died Saturday after a long illness. Dr. Atl, whose real name was Gerardo Murillo, founded La Vanguardia and Action d'Art of Paris in 1913. He invented a new pictorial technique called "Atlicolors."

SOUTHWEST HARBOR, Maine (AP) — William Ham-matt Davis, 84, former chairman of the War Labor Relations Board and the Atomic Energy Labor Relations Board, died Friday night. Davis, a native of Bangor, Maine, was named director of the Office of Economic Stabilization in 1945.

NEWPORT, R. I. (AP) — Constellation, apparently an improved threat to front-running American Eagle, faced Columbia today as United States 12-meter yachts began the final trials which will determine the America's Cup defender.

The other first day pairing matched American Eagle, unbeaten in both the preliminary and observation trials, against Nefertiti.

BROOKLINE, Mass. (AP) — Harried officials of the 84th National Doubles Tennis Championships — already clouded by the absence of top foreign players — today added Dennis Ralston's twisted ankle to their list of troubles as the tournament entered its second day.

Tournament chairman Walter Eleock hadn't recovered from the jolt of losing Mexico's second-seeded team of Rafael Osuna and Antonio Palafox Sunday when he received word that Ralston's ankle injury had forced him out of the final of the nearby Newport, R.I., Invitational.

HERSHEY, Pa. (AP) — Bob Brown, 276-pound All-America tackle from Nebraska, is expected to be back at offensive tackle for the Philadelphia Eagles in their National Football League exhibition against the Detroit Lions next Sunday.

The Eagles will play the Lions at Franklin Field in Philadelphia in a benefit game for the Kennedy Memorial Library Fund.

Cronin To Decide About CBS, Yanks

BOSTON (AP) — American League President Joe Cronin is the next batter due in the controversial sale of the New York Yankees to CBS — baseball's hottest topic from capitol hill to the dugouts.

Cronin said he will decide today whether to call a league meeting as requested by Arthur Allyn, president of the Chicago White Sox.

Allyn contends the telegraphic vote which approved 8-2 the sale of 80 per cent of Yankee stock to CBS, violates the league constitution.

Meanwhile, Rep. Emmanuel Celler, D-N.Y., chairman of the House Judiciary Committee, said in Washington the transaction may run afoul of the Celler-Kefauver antitrust act.

WOMAN DRIVER TRAVELS WITH DUMMY MATE

ATLANTA (AP) — This is how a young woman, fearful of driving alone at night, has solved her dilemma; seated beside her now is a tall, broad-shouldered man, his hat clamped down on his head.

He's a plastic model. "At night, it's fairly impossible to tell my man's a model," says the woman, who preferred anonymity.

"Before I bought him, men used to drive up next to my car—I work nights and am on the streets late going home — and whistle. Or say something insulting. Several times I've been followed."

"But since I got my man, they'll glance at us and away without a second look," she laughs.

To make him more real, she sticks a cigar in his mouth. "Unlit, of course."

Where did she buy him? "From a department store. He used to grace its windows."

Most women, however, can't afford to use such a drastic method to cope with the upsurge in crime over the nation.

Recently, as a woman stopped her car for a red light in downtown Atlanta, a man yanked open her door and hopped in with a gun.

Supt. Glyn Cowan, of the Atlanta Police Detective Department, asked the woman, who was robbed, "Wasn't your door locked?"

But if someone forces himself into your car, Cowan has this advice:

"Violate a law; run a red light. A patrol car or policeman might spot you. Your problem is to attract attention without exciting the bandit."

"Never pick up a hitchhiker — not even school boys. It's easy for a thief to carry books and look like a student," Cowan said.

"And if a robber does get in your car, do what he says. Robbers don't generally kill you, but don't count on it. You're safer with an old, experienced thief, who won't get rattled. A nervous, scared robber might get excited and hurt you."

Says Jobs Are Chief Concern

WASHINGTON (AP) — Sen. Hugh Scott, R-Pa., who made a campaign tour through parts of Pennsylvania over the weekend, said the principal concern of the Pennsylvanians he saw was full employment.

Scott made a three-day swing through portions of Lehigh, Luzerne, Lackawanna, Wayne, Susquehanna, Potter, McKean, West moreland, Washington, Fayette, Bedford and Schuylkill Counties. He is seeking reelection to a second six-year term.

Summing up his trip, the senator said, "The principal concern of some 30,000 people I saw was full employment."

He said that while unemployment has fallen during the administration of Gov. William W. Scranton, "the need for more jobs remains as the major concern of my constituents."

TO DISTRIBUTE MAGAZINE
Local Jehovah's Witnesses will join with other Witnesses nationwide in a special distribution of their August 22 issue of the "Awake" magazine. Just returned from their three-day Bible seminar in Frostburg, Md., Harold E. Cluck, spokesman for the Gettysburg group, said local Witnesses were encouraged at the Frostburg gathering to get behind this campaign. Another highlight of the three-day program was the showing of a two-hour color movie on Saturday evening to 964 persons. The film entitled "Proclaiming Everlasting Good News Around the World," set the theme of the program.

FAIRFIELD WINS
The Fairfield Lions League All-Stars defeated the Upper Adams Pony League All-Stars 6-5, Saturday afternoon on the Cashdown diamond. This year only one game will be played between the two teams, due to the late date and the fact that football drills begin this week.

PA. OPEN TO ATTRACT 100

HERSHEY, Pa. (AP)—About 100 professional and amateur golfers tee off today in the opening round of the annual two-day Pennsylvania Open at Hershey Country Club.

Bert Yancey of Philadelphia, who shot a 72-71 to win last year, was a question mark entry as the state's best in the pro and amateur ranks reached the first tee for the 48th open.

Yancey competed last week in a tournament at Detroit, Mich., and tournament officials were uncertain if he would be on hand in time today.

The field does not lack, however, for some star clubbers. Among those entered are Lou Worsham of Oakmont, a former U.S. Open golf champion, and John Guenther of Reading, Henry Williams of Berkshire Club near Reading and Al Besselink of Philmont near Philadelphia, all former state open winners.

Guenther is the only amateur ever to win the tourney.

ABC PROGRAM OFFERS BOYS OPPORTUNITY

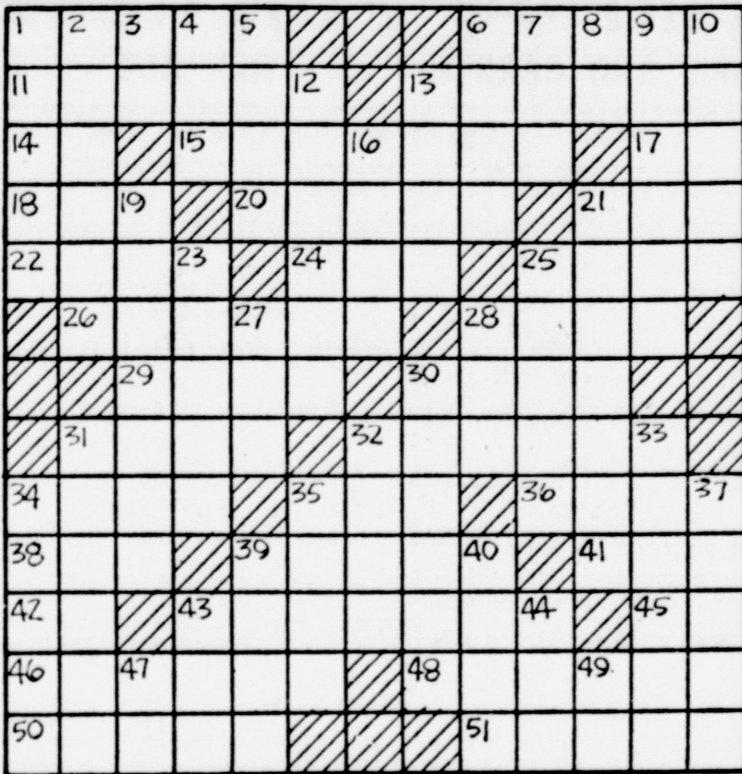

By GORDON A. GLOVER
HANOVER, N.H. (AP) — An Indian youth from South Dakota curls up with Homer's "Odyssey," his eyes darting hungrily across each page. A Negro, idly drumming his knuckles with a pencil, frowns in concentration over an algebra problem.
One is from a windswept reservation on the Great Plains, the other from the slums of Harlem.
TO HELP BRIDGE GAP
But both are on the threshold of a world once reserved for the rich and the well-born. They are preparing to enter the swankiest of New England prep schools.

For these youngsters, and 52 others like them, Dartmouth College and 40 top-grade preparatory schools this summer launched a program called project ABC — or "A Better Chance."
Its purpose is to help the boys bridge the gap between their home environments and the campuses of places like the Choate School, Phillips Andover Academy, Groton, St. Paul's and Hotchkiss.
For eight weeks they are boning up on mathematics and English at Dartmouth. They attend classes for four hours daily, then study on their own for at least four hours more. The atmosphere is tense and competitive, much as it would be at prep school.
MADE TALENT SEARCH
The boys were selected by the independent schools talent search program, whose field director is James E. Simmons, a

CARLISLE FAIR OPENS TODAY

CARLISLE—Today marks the beginning of the 20th annual Carlisle Fair which started officially at 2 p.m. and runs until midnight Saturday.
Paul W. Snyder, president of the nonprofit Carlisle Fair Association, said there will be an array of shows on the midway, featuring a combination of the Penn Premier and the Keystone State shows. There will also be a large display of exhibits including livestock, home products, fruit and vegetable crops, grain crops, 4-H, FFA and FHA.
Besides harness racing events, there will be a high wire act, featuring "The Great Eugene"; Jessie Griffith on the organ, Fran Daniels and her Escorts, the Sandy Luce All-Girl Rodeo and the Roof Rockers, a rock 'n' roll band who will play for a teen-age dance party.
Also appearing this year will be a one-night stand of cousin Minnie Pearl and Prof. Schnitzel. The Cathy Click Show, a novelty act, will be on the same program with Pearl and Schnitzel.
Two automobile thrill shows have been booked for the fair with the Joie Chitwood Thrill Show appearing at 8 p.m. on Saturday and the Jack Kochman Hell Drivers will perform at 8 p.m. Friday. For wrestling fans there will be several bouts held at the grandstands on Tuesday night. The program for Wednesday night, will include the annual crowning of a Carlisle Fair Queen. More than 30 are in the contest.
Negro and graduate of Harvard. Working with teachers, welfare workers, church groups and others, he found promising students with uncertain academic futures. Most are Negroes from the big cities of the East or from rural areas of the South. One is a Puerto Rican from New York. Another is a Chinese-American. All come from impoverished families, many subsisting on welfare payments.
If they do well in the ABC program, the boys — ranging in age from 13 to 17 — will go on prep schools with full scholarship aid.
The first news syndicate was started in New York City, in the fall of 1884, by Samuel Sydney McClure as the McClure Syndicate.

WANTS TO ADD 2 UNIVERSITIES

HARRISBURG (AP)—An influential Republican senator wants to make Temple University and Indiana State College the second and third state universities in Pennsylvania.
Sen. Albert Pechan of Armstrong County, the assistant majority floor leader and a member of the Senate Education Committee, said over the weekend that he intends to introduce legislation to that effect in the next session of the General Assembly.
"I feel that the people in the eastern and western part of the state should be given the same education opportunities as those near Penn State," Pechan said.
Penn State, located in central Pennsylvania, enjoys a unique status of being both a private and state institution in many respects.
Both Penn State and Temple are state-aided universities.
Penn State received some \$25 million in state funds this year while Temple obtained about \$6.5 million.

Student Hurt In Freak Accident

FORT COLLINS, Colo. (AP)—David Pickelner, of Williamsport, Pa., a graduate student at Colorado State University, is reported "doing fairly well" at a hospital here where he was brought after suffering several broken ribs in a freak accident.
Pickelner, 26, who has been doing research work at the university's hydraulics laboratory in the foothills west of here, was attempting to turn his foreign sports car around on a ridge Friday when a ledge gave way and the car toppled over the cliff, landing on its top.
MASSAPEQUA WINS
PRINCETON, N.J. (AP) — Horsham, Pa., committed five errors and managed only two hits as Massapequa, N.Y., won the Little League senior division Eastern Regional baseball title 7-0 Saturday.
Andy Semese, the winning pitcher, struck out eight Horsham batters. Semese also collected three singles, driving in a run and scoring another.
